

## Dress Code

At Stone Creek Charter School, we believe that dressing with modesty and dignity is directly related to success in school and in life. We want students to focus on their studies rather than their fashion. Having a dress code levels the playing field for students and lessens the distraction in the classroom. Our goal is to give students the choice in what they wear, and to give them guidelines as to how to look presentable. Dress shall meet acceptable standards of cleanliness and good grooming. Belts are highly recommended, exposed skin is unacceptable, and skirts must be of appropriate length. We ask that students and parents work in accordance with the teachers and administration to ensure that the dress code is fairly enforced. Clothing can be purchased from merchants such as Land's End, Dennis Uniforms, J. C. Penny, French Toast, Wal-Mart and Target. We are part of Land's End ([www.landsend.com/school](http://www.landsend.com/school)) preferred school program. Our number is 900115841.
