

STONE CREEK SCHOOL

GO BOLDLY

2008-2009 Family Financial Commitment

Family Name (Last) _____ Parent (s) 's First _____

Mailing Address _____ Phone(s) _____
(PO Box/City/State)

An important part of the success of Stone Creek School's rigorous academic programming for your children is based on each family's financial commitment to our school. Consider the actual cost of your child's education as you review the following important opportunities to support Stone Creek School:

- **Books & Materials Fee (Mandatory) = \$300 per student:** Please submit this **mandatory fee** by August 15, 2007. This fee offsets the cost to buy books, materials and general supplies. **Families classified as indigent or facing undo hardship, please contact the Principal regarding waiver of this fee.**
- **Operational Donation = \$995 per student:** The State of Colorado provides Stone Creek School with PPOR (per pupil operating revenue). This operating revenue does not cover the entire cost of operating the school. Your Operational Donation will help to fund this variance in the actual cost to educate your child. It will allow us to employ experienced teaching professionals, help pay our monthly operating expenses, provide staff development opportunities and generally help us fund the operation of the school in order to offer your child the best educational experience in the Eagle Valley.
